99 Years and Counting – One to Go!

“OUR HISTORY FROM 1925 - BLAST FROM THE PAST MOMENTS”

researched by current 100 Year Committee Member Josie Stephinson.

Snippets of Tigers History #2 The year is 1933. After struggling to survive through the WW1 years (no Queanbeyan team in 1927 or 1929) there were doubts that again Queanbeyan would struggle to field a side for the season. The doubts were swept aside when staunch supporters ‘rescued’ six young Victorians who had found their way into the local lock-up. They were provided with a house in which to live on the condition they play football with Queanbeyan. In this way it was possible to field a team which went on to finish a creditable third (from six teams).

#3 Still struggling to field a side in 1934, Queanbeyan slipped to fifth place and remained out of any final games until the club’s revival in 1937. In 1934 Queanbeyan played their first official match at the Queanbeyan Park Oval, a sportsground which they were to retain for matches and training for the next 46 years. In a letter to the Editor of the Queanbeyan Age the Queanbeyan secretary (L.W. Loveless) stressed to the Queanbeyan people that “whatever code of football you follow, we are Queanbeyan and that’s who we should support”. He refuted reports that Australian Rules was trying to rub out Rugby League and the club was finding it hard to make ends meet and he pressed for more support from the newspaper and Business houses.

#4 It was also doubtful that a team would be formed in 1935 but several stalwarts met and committed to continue. The club colours were changed to the Black and Gold of the Richmond Football Club after a letter was sent to Richmond, seeking assistance. Richmond Football Club replied with a set of Guernsey’s and socks. *The now familiar ‘Tiger’s Club’ was born.*

Over the season there was difficulty in transport for the players to travel into Canberra. The first transport arrangements were by 80-year-old George Gribble who was paid 1 pound per trip to drive his truck to the games in Canberra. On a number of occasions, a wood truck owned by Ralph Carpenter was used. Ralph however was never too keen on the truck carrying football players into Canberra and often refused to drive the truck. His son Doug would then entice his father into the laundry, lock the door, leaving his father stranded whilst he drove the footballers to their matches. (Interestingly, Doug did not have a license to drive)

#5 The 1939 Grand Final was played before a record crowd attendance at Manuka oval, between Queanbeyan and Manuka. It was a replay of the 1938 Grand Final. Manuka came out hard and had a two-goal lead at $\frac{3}{4}$ time, but in dogged fashion Queanbeyan fought back to level the scores at the final siren (7 goals 10 points each). The match was not without controversy and the Queanbeyan Age of September 19, 1939, reported that “Manuka had extreme luck” and went on to comment about an incident when the ball was deflected onto the goal posts by a Queanbeyan player, rebounded, then was kicked off the ground by Manuka player and through for a goal. Two flags were incorrectly raised. The article made mention of numerous other incidents that mystified the parochial crowd.

The replay was played at Queanbeyan and a special train ran from the Canberra Railway Station to Queanbeyan to bring the supporters. There were no change rooms at the Park Oval and players were asked to change at Walshes Hotel. Queanbeyan won the replay in spectacular fashion by the widest winning margin in the Leagues history and surpassing Manuka’s highest league Grand Final score, 18-22 (130) to 9-19(73). A record crowd was in attendance and Queanbeyan had won its first premiership!
